

EL CORONEL MACIÀ

Synopsis

Elisabeth Joyce, a young Irish historian, arrives in Barcelona on novembre 1905 and she watches the attack made by 200 soldiers, armed with axes, destroying the printing press of the weekly *Cu-Cut* and the editorial office of the daily *La Veu de Catalunya*. Frightened, the young woman watches those events and the political thunder that unchains confronting the army against pro-Catalonia forces. All militars in Spain gave support to the attackers officers, except one who stood up against his companions. He is the lieutenant-colonel, head of the Engineers's Headquarters in Lleida. His name is Francesc Macià i Llussà.
